

Privacy Policy

1. Meaning of "personal information"

In this privacy policy, "personal information" refers to information that can identify an individual customer or unique information of an individual customer, such as their address, name, telephone number, email address, etc., which our company receives from the customer.

2. Legal compliance

Our company complies with laws regarding the handling of personal information.

3. Acquisition of personal information

Our company will acquire personal information to the extent necessary through lawful and appropriate means.

4. Management of personal information

Our company will maintain the accuracy of personal information and take appropriate measures to prevent leakage, loss, falsification, damage, and unauthorized access. Additionally, we will provide education on personal information protection to employees who handle personal information and offer necessary and appropriate supervision.

5. Use of personal information

When acquiring personal information, our company will clarify the purpose of use in advance and use the information within the scope of the stated purpose.

6. Provision of personal information to third parties

Our company will not provide personal information to third parties without obtaining prior consent from the individual, except as required by law.

7. Disclosure, correction, suspension of use, deletion, etc. of personal information

Our company will respond appropriately when an individual requests disclosure, correction, suspension of use, deletion, or other actions regarding their personal information in accordance with laws and regulations.

8. Inquiries regarding personal information

Our company will promptly and appropriately respond to inquiries from individuals regarding

their personal information.
